Letter no 139/T.A. dt 6th January 1941 from the Comptroller forwarding additional statement on the subject.

Opening

Reference Para

From the Statement furnished by the Comptroller, it is seen that permission to draw full daily allowance for halts outside H.Q. Quarters has been rather freely applied for & given. In one instance the duration of the halt is as much as 201 days out of about 275 working days. For this, the Revenue Dept is responsible & bears the palm in respect of duration of halts. Next to this, comes the Public Works Dept with 90, 98, 124, 161 & 165 days. In the number of instances, this Dept easily tops the list. Then the Police

It is true that there was sufficient justification in all these instances. Obviously Govt would not have agreed to these sanctions. The question however bears close examination

The rule on this behalf, Article 517 reads as:-

"A daily allowance may not be drawn for more than 10 days of a halt at one place except in special cases in which it is established to the satisfaction of Govt. that the prolonged halt was necessary in the interests of the Public Service & that the officer was put to extra expense by his halt after the expiration of the first ten days."

10 Supplementary Rule 73 of the Govt of India imposes a time Condition, but provides for general or individual exemptions being granted by a Competent Authority on such Conditions as it thinks fit. The following is the Govt of India's decision in respect of the Conditions:-

"One such condition is the reduction in the amount of the daily allowance that may be drawn an the principle underlying reduction is that the expense incurred by a Government servant in respec of a halt at an outstation ordinarily decreases in proportion to the length of his stay at that station. This principle should be borne in mind by the authorities to whom powers under this rule have been delegated and the rate of daily allowanc

NOTE—Contn. Sheet.

should be suitably reduced after the first 10 days in all cases except those which present very special features. Cases in which special treatment can be justified will in addition to those of the kind mentioned in clause (b) of Supplementary Rule 73 be generally those in which the halt of a Government servant at an outstation is of uncertain duration which makes it impossible for him to arrange for more permanent and cheaper accommodation."

11 Accordingly, Rule 74 proceeds = "after a continuous halt of ten days duration, the halting place shall be regarded as the Government servants' Head Quarters".

Such is the principle governing the grant of daily allowance beyond 10 days halt. This principle is in its turn obviously derived from the canon of financial propriety that travelling allowance should not be a source of profit.

From the Statement, it is seen that though the power of sanctioning d.a beyond 30 days is vested with Govt, the principle enunciated in the rules extracts above has not in practice received its due share of appreciation.

It would therefore seem to be proper

Daily Allowance

Serial No.

that the Daily allowance beyond 30 days is reduced as a general rule. In an instance in the P.W.D the P.W.D suggested that the rate of d.a beyond 30 days be reduced to 3/4th of the usual rate & the suggestion was accepted by Govt.

15 It may perhaps be ruled as a general measure that the d.a after 30 days be at a reduced rate equivalent to 3/4th of the usual admissible rate.

In applying such a rule a few points arise for consideration

1. Whether the exemptions appearing under Art 518 in respect of halts beyond 10 days should be made subject to the proposed general rule.

2. Whether the present time is reasonable for a reduction, as the prices of foodstuffs are rising day by day.

16 For the first point it appears necessary to subject all the exemptions to the reduced rate as the object of reduction would not be fully served otherwise. But it would hit men required to stop away from HQ for a long time eg: the local Audit staff of

NOTE—Contn. Sheet.

the Courts & other offices. In fact the Inspn has been repeatedly asking for a higher rate of Mileage as it was obtaining years ago. Though the question may have become less intense after the introduction of the Scheme of Local Audit Circles, the hardship cannot be said to have disappeared altogether. In Madras & other Presidencies, special rates of Daily Local Allowance are given to the Audit Staff.

Having regard to these circumstances and also to the high prices referred to in para 2, it appears desirable to fix a minimum of at least Re. 1/- to which the proposed reduction of 3/4th shall not apply. Such a measure would embrace the pay limit of Rs. 80/- and those Communications the Category would not be hit hard.

The other point raised by the Deputy Ag, viz, that after a certain given period the halting allowance should be treated as Deputation allowance, it is submitted that the question be deferred for the time being.

The rate itself is being reduced to 3/4th

Daily Allowance

Serial No.

and any further reduction would nearly negate part of Cumulative reductions with Co Compressed in a short Compass of time, & might lead to hardship. Perhaps, the operation of the New rate may be watched for some time.

19 To sum up the proposal for Consideration is.

1. to reduce the rate of daily allowance for halts beyond 30 days to 3/4 of the usual rate, the full rate being allowed for the first 30 days. The reduction to be made subject to a minimum of Re 1/- That is, if the admissible rate itself is 1/- no reduction will be made.
2. The exemptions held under Art 5-18 to be subject to the reduction

20 Being an important matter, the Comptr may also be consulted Accordingly. This is a Council matter also

18/3/41 Case when he halts extended to such longer periods as, 161, 165 & even 200 days as at A & B in para 8a in respect of field Arty & New Arty Regts deserve to be examined further

Rule 39(a) of the Madras Manual of Special Pay and Allowances (1937 Edn.) lays down that after a continuous halt of 10days duration by an officer, the halting place has to be regarded as the Government Servant's temporary head-quarters and no daily allowance is admissible for continuous halt of more than 10 days at a place. The rule is similar to Art.517 of L.S.R. but a modification has been made in Madras to the effect that the Heads of Departments are empowered to grant daily allowances at rates not exceeding three-fourths of the ordinary rates for the period in excess of 10 days upto 30 days under the conditions specified in Rule 38(i) of the

Madras Manual of Special Pay and Allowances (introduced in C.S.No.6/II list dated 9-12-38) an extract of which is herein enclosed for the information of Government. Similar provision may be made in the Mysore Service Regulations also if the Government consider it suitable in cases where the heads of Departments have been delegated powers to sanction halts in excess of 10 days

26 As regards halts exceeding 30 days, the place may perhaps be generally treated as head-quarters.

27 In the case of some officers of the Geological Department, where the period of halt amounted to nearly 6 months, Government in their order No.AF.7531-2 Geol. 26-40-6 dated 18-4-41 ordered that the camping place should be treated as their head-quarters and allowed them usual rate of daily allowances for the first 30 days and deputation allowance of 1/5th of the pay per mensem thereafter to each officer. A general rule based on this principle may be introduced by Government.

It has to be remembered, as said already, that there are special rates of D.A for Custom purposes in Madras & other parts of British India, while in Mysore we have none.

Submitted to His Highness.

49 At present, under a general rule, daily allowance may not be drawn for more than ten days' halt at one place away from Headquarters except under special circumstances. Special cases have however been provided for where this restriction could be relaxed.

50 Under the rules as they now stand, full rate of daily allowance admissible is allowed in respect of the special cases irrespective of the period of halt.

51 In Madras, daily allowance for halt beyond ten days is allowed at a reduced rate on the principle that the expense incurred by a Governme servant in respect of a halt at an outstation ordinarily decreases in proportion to the length of his stay there.

52 It is considered desirable that some restriction on the lines of the Madras rule should be adopted in Mysore also in the interest of economy. In Madras, however, there are special rates of daily allowance attached to certain appointments. There are no such special rates in Mysore.

53 It is, therefore, proposed, as a first step, that the grant of daily allowance for the days of halt in excess of 30 days may be limit to three-fourths the rate admissible under the Mysore Service Regulations, the usual full rate being allowed only for the first 30 days of continuous halt. The minimum daily allowance, which is 6 annas under the present rules, will, however, be exempted from this reduction.

54 The new rule is proposed to be brought into effect from the 1st July 1941.

55 I solicit His Highness's gracious sanction to the proposed rule which has been agreed to by the Members of Council.

Order thereon.—No. . H 8385 - 8435

It is observed that in some departments halts during tours extend beyond 30 days in several instances, and that full daily allowance is at present being allowed for the whole period in such cases, although such prolonged halts are permissible only in special

Cases as laid down in Rule 517 A (ii), and in cases where such long halts may be found necessary, the average expense per day incurred by an officer will not be as high as in the case of a short halt.

After a consideration of all circumstances,

K.-.R.4.

Rule 38(i) of Madras Manual of Special Pay & Allowances.

38(i) A daily allowance may not be drawn for a continuous halt or more than 10 days at any one place. The head of a department may gran the allowance at the rates not exceeding 3/4th of the ordinary rates for the period in excess of 10 days upto 30 days if he is satisfied:-

(a) that the prolonged halt is necessary in the interests of the public service.

(b) that the Government servant has maintained carts or other means of conveyance for his camp throughout the period of halt or has been put to appreciable additional expense in connection with i

Note:- In every such case, the amount and character of such outlay sho be roughly given and it should be borne in mind that extra expe in this connection means expense which a Government servant wou not have incurred had he remained in head-quarters

(c) and that the halting allowance granted is so regulated as to cover the extra expense admitted as legitimate, but no more.

The drawal of halting allowance for periods in excess of 30 day requires the sanction of the Government. If the work involved is such that it can be foreseen that the Government servant will have to be in camp at one place for more than 30 days, the previous orders of the Government should be obtained for the drawal of halting allowance for any period in excess of the first 10 days.
